APPLICATION FOR CERTIFICATION FOR THE  
**CPV SENTINEL ENERGY PROJECT**  
BY THE CPV SENTINEL, L.L.C

DOCKET No. 07-AFC-3

### EVIDENTIARY HEARING ORDER

At the October 21, 2008 Pre-Hearing Conference, the CPV Sentinel AFC Committee granted Applicant's motion to bifurcate the Evidentiary Hearing and proceed to hearing on all topic areas contained within the Final Staff Assessment except Air Quality.

At the November 3, 2008 Evidentiary Hearing, the Committee received evidence on all topic areas except Air Quality and ordered the parties to submit their responses to comments submitted by Southern California Edison (SCE) in its October 14, 2008 letter by or before December 5, 2008. The Committee ordered that the evidentiary record on all topics except Air Quality shall be closed on December 5, 2008.

Once the Applicant has identified the emissions offsets to be applied to the CPV Sentinel Project pursuant to Public Resources Code § 25523(d)(2), the Committee orders the Applicant to confer with Staff to determine whether the identified emissions offsets raise any dispute between the parties. The Committee recommends that the parties use their best efforts to resolve any such disputes prior to making a request that the Committee set a date to take evidence on Air Quality. After conferring with Staff regarding the emissions offsets, the Applicant is ordered to so inform the Hearing Officer who will issue a Notice of Evidentiary Hearing.
